Comments: *Great idea to not repeat the presentation year to year. New ideas, great. The technical delay was very unprofessional.*

(9) Digital Dental Photography – Mike Bellerino

	Excellent		Average		Poor
Content of the Presentation?	1	2	3	4	5
Did you find the material covered to be useful?	1	2	3	4	5
Overall rating of the Presentation?	1	2	3	4	5
Would you attend this seminar again?	(5) Yes		No	(1) Not Sure	

Comments: *Well done. Too fast. Could have contained more concrete info on photography and communication. Would prefer this to be a full day course.*

(11) Contemporary Ceramic Materials, Too many choices? – Brian Lindke, CDT

	Excellent		Average		Poor
Content of the Presentation?	1	2	3	4	5
Did you find the material covered to be useful?	1	2	3	4	5
Overall rating of the Presentation?	1	2	3	4	5
Would you attend this seminar again?	(7) Yes		No	(2) Not Sure	

Comment: *Some text was difficult to see (color, size), well presented. Font size and color on the screen needs to be bigger, red was hard to see. Very informative. Some of the power point presentation hard to see, articles too small, red or black, hard to read. Font needs to be much larger on slides; the historical aspect could be much shorter. The industry standard would probably consider this presentation outdated. Excellent, needed more time, very informative. Very helpful information.*

(3) Dental Implants: The Future – Larry Lindke, CDT
